Class 21:
Governance II

2024.12.03

Joseph Seering

# Design Project Milestone #5: Showcase and Final Report

- The showcase will be on 12/12

- You should now be testing with real users and fixing issues that come up.

# Design Project Milestone #5: Showcase and Final Report

- Final Presentation:
  - 7 minute "pitch" to explain the problem, your design, and your deployment results
  - Present as if your audience has never heard about this before! (Some of your audience will not have heard about your project before!)
- Demo:
  - 30 minute demo period, where you will show off how your tool works. 1-2 students will stay at your table to show the tool, and others will walk around and try out other tools.

# Design Project Milestone #5: Showcase and Final Report

- Final report (Due the next day by 11:59PM)
  - Representative screenshots
  - Quality arguments (max. 300 words)
  - Summary of deployment (max. 300 words, but also figures)
  - Discussion of Social Computing concepts (max. 500 words)
  - Individual reflection (max. 300 words per person)

- Note: 2 minute pitch video is **<u>NOT</u>** required this year.
